Old Business

- The three spring events were cancelled due to COVID virus.
- The group discussed plans for the fall. It was decided that shredding, chipping and the e-waste events should all be scheduled in the fall. Karl will try to confirm Nov 7 for the shredding event and will schedule two trucks due to anticipated demand. Once shredding event is confirmed by Karl, the chipping (Bruce) and e-waste (Mark) events will be scheduled for mid/late October. It may be too early to schedule so we may have to wait until summer.
- Bruce reported that he looked into Tredyffrin recycling, particularly how they run their public composting. Will continue research and report later.

New Business

- No constituent correspondence
- No other new business
