Discussion of New WillisTowne Crier

Mr. Kacergis proposed that he would coordinate with the PA Leadership charter school University Scholars Program Interact Club to adopt Serpentine Preserve as their service project. Work to include cleaning out old fencing this spring and fall; assisting with the Chester-Ridley-Crum Watershed Association Riparian Buffer planting. The school is also considering hosting biology classes there. As long as there are less than 25 people gathered, no Park Programming Permit is required.

Mr Lehr will forward information via email regarding Sunday March 22 Board Leadership for Parks and Recreation boards and Friends Groups workshop.

Mr. Kacergis led a discussion regarding the Willistown Township Parks and Recreation Survey of 2009 and whether we needed another Survey. It was decided that no further survey is required at this time.
